

FINANCIAL AID INFORMATION

FSA ID

Create an Account

Whether you're a student, parent, or borrower, you'll need to create your own account to apply for, receive, and manage your federal student aid.

What You Can Do With Your Account

You must have an account to do the following:

- Fill out the *Free Application for Federal Student Aid (FAFSA®)* form online
- Complete other online forms (such as the *Master Promissory Note*)

- <https://studentaid.gov/fsa-id/create-account/launch>
- FSA ID will be your email address, and password.
- Both a parent and the student must have an FSA ID to start the FAFSA process.
- You will need to do get your FSA ID and should do that NOW! The FSA ID will allow you to electronically “sign” your FAFSA application. It verifies your social security number and your name with the Social Security Administration.
- Supply an email address that is active for both the parent and student. The emails cannot be the same for the parent and adult. They must be separate emails. **STUDENTS- DO NOT USE YOUR SCHOOL EMAIL! It will be deleted after you graduated.**
- If the parent already has a child in college, the parent will use the same FSA ID. No additional action is needed.
- The FAFSA will need to be completed each year the student is in college and uses the same FSA ID. Write your FSA ID down somewhere safe for future use.
 - To create a new FSA ID, click the tab in the middle of the webpage that says create an FSA ID. Complete the process and remember the answers to the questions that you set up.
 - The verification process can take up to three days. An email will be received at the email address provided confirming the ID.
 - The FAFSA will open sometime in December. Once that date is set additional information will be provided.
